## HRK-10 HEADLIGHT LENS RESTORATION KIT

The PRO® Headlight Restoration Kit restores damaged plastic lenses to "like new" condition for a fraction of the cost of a replacement lens. PRO® Headlight Restoration Kit utilizes a two part process of sanding and polishing to recondition plastic lenses. No tools or machinery are required. The kit contains step by step directions and everything needed to completely restore damaged lenses. The simple process takes under ten minutes per lens with average damage. Kit includes 3 Light Touch sanding pads, 8 oz. Bottle PRO® S-78 Wet 'N Wipe™ Speed Glaze, 4 oz. Bottle PRO® P-58-4 Fantastic™ Plastic Polish and PRO® PT-8 Microfiber Towel. VOC COMPLIANT.

## LIGHT TOUCH™ DOUBLE-SIDED SANDING PADS

PRO® Light Touch™ Pads (used in HRK-10 PRO® Headlight Restoration Kit) are 3" x 4" double-sided sanding pads with a different grade on each side. Our Pads are made with a flexible cloth backing, topped with a layer of specially formulated latex. Silicon carbide crystals are then bonded with a flexible glue to make a very durable, water resistant pad. Produces a fine, uniform scratch pattern that requires fewer aggressive steps to produce the final finish. Use for all types of sanding/wet sanding applications. Great for automotive, home, trade, hobbyist and more. VOC COMPLIANT.

# QUALITY, SERVICE & RELIABILITY

## OUR COMMITMENT TO PROFESSIONAL CAR CARE FOR OVER 73 YEARS

**QUALITY** is the foundation on which Jack Burford, the late founder of Burford Auto Finishes, built this business. Maintaining this high standard of quality for more than half of a century has given us our reputation as a leading manufacturer in the industry today. Rigorous quality controls ensure consistency and uniformity throughout a product's life cycle. Each product is tested and graded for technical characteristics specified by BAF chemists, such as performance, color, pH, viscosity, climate testing and more. In addition, we perform date coding and sample retention for long term observation. This helps assure reliable, uniform performance in the final product wherever it might be used.

**INNOVATION** continues today under Frank Bell's direction. He and his staff of experienced chemists work constantly to create new and exciting products and to perfect existing products in response to distributor feedback and changes in our industry.

**SERVICE** to the industry with world wide distribution is only a small part of what we offer the professional in the field. Since 1935, BAF Industries has been manufacturing and distributing PRO® Products to automotive dealerships, detail shops, car washes, auto auctions and body shops.

Florence, KY

Tustin, CA

When you buy PRO® Products, you receive instant protection because everything we sell conforms to U.S. Federal Packaging Specifications. We also offer you peace of mind by supplying you with Material Safety Data Sheets (MSDS) and informative product bulletins for each product we manufacture.

As one of the largest automotive chemical packaging plants in the industry today, BAF has the capability of shipping finished goods in container sizes ranging from pints to drums. With our factory in Florence, Kentucky, PRO® Products are delivered quickly and efficiently. A large stock of finished products is kept on hand, available for immediate shipment.

**RELIABILITY** in PRO® Products has been our trademark since our inception in 1935. You know you can always expect consistent quality.

The Professional's Choice Since 1935

Frank Bell  
President

## OUR WORLDWIDE DISTRIBUTION NETWORK

PRO®'s Distributor Network provides full service, both domestically and internationally. Since 1935, we've been committed to professional automotive finish care. Not just by manufacturing quality products, but also providing the industry with personal service and the very latest in product information. Each PRO® Distributor is a trained car care expert. Each knows exactly how PRO® Products work and how they are best applied. BAF's Technical and Communication Departments keep PRO® Distributors informed of the latest industry trends, technical bulletins and innovations. It is this professional approach that gives reconditioning professionals everywhere a leading edge.

Your PRO® Distributor carries the most complete line of car care products available today. From the highest quality compounds, polishes and waxes to dressings, aerosols and buffing pads, your PRO® Distributor has it all.
